SLUMP HITS STOCKS IN EXCHANGE TRADE

Decline in featureless—Hines' stock
Refused and Parts Delay Are
Blamed for Dullness.

NEW YORK, April 3.—Elimination of the popular methods of acceleration employed by pools and trading in personal interests, resulting in a featureless market, the demand for high grade shares showing a steady decline.

Commercial interests were again hampered by the confusing character of the market and the refusal of the Federal Reserve bank to accept the demand for high grade shares fixed by the market.

Market was among the few exceptions to the reactionary trend. American Steel and several other active, common stocks, trading in the market, were rebuffed by the Federal Reserve bank, but the market was generally steady.

Colds, Coughs and Grippe

Commonly the first symptom of a cold is a chills, followed by sneezing or a tickling in the throat. The most frequent causes are getting wet or cold feet, or going from hot rooms suddenly into cold ones, catching cold from contact with other persons in crowded street cars or assemblies. Frequently there is an inner cause, namely, the stagnation of the blood, caused by constipation or biliousness. No one ever takes cold unless constipated or exhausted, and having what we call malnutrition, which is attended with impoverished blood and exhaustion of nerve force. There is a continual absorption of poisons into the system, unless the entire intestinal tract is kept clear and clean as possible. For this there is nothing better than Castor Oil, or a vegetable extract of May-apple, alone, jalap, rolled into sugar-coated pills, and sold in every drug store as Dr. Pierce's Pleasant Pellets. It is the common practice of every doctor in the land to give a good purgative in any case where he cannot be sure of what will develop. The first thing to do as every one should know is to "clean house." For the cough there is nothing better than the old Golden Medical Discovery, a botanical extract which Dr. Pierce put on the market fifty years ago. This contains no alcohol but does contain wild cherry bark, cohosh, Oregon grape root, and other botanical extracts which are not only good for the system, but check the cough, and this is the very best alternative and tonic that I know of to take for the gripe, as it offers a scientific method of treating the blood by improving the nutritive functions of the patient. The "Medical Discovery" accomplishes this by first restoring the enfeebled digestive organs, so that food—the natural tissue builder—will be digested and taken up and assimilated by the system. There is nothing better for diseases of the stomach, lungs and blood than this old remedy which every drug store keeps in liquid or tablet form.
